---

Thank you to all producers who were able to attend DFNS' 22<sup>nd</sup> Annual General Meeting, held earlier this week. Participation was strong, with a total of 93 farms represented over the two days. Roughly 75% of those farms were represented in-person, while the balance participated online. A recap of the AGM highlights will be included in your December newsletter to be published later this month.

As always, immediately following the conclusion of the AGM, your Board met to elect their Executive for the coming year. The results were as follows:

Greg Archibald, Chair	<a href="mailto:garchibald@dfns.ca">garchibald@dfns.ca</a>
Tony Versteeg, Vice Chair	<a href="mailto:tversteeg@dfns.ca">tversteeg@dfns.ca</a>
Robert J. Dillman, Third Member of Executive	<a href="mailto:rdillman@dfns.ca">rdillman@dfns.ca</a>

Greg Archibald will also assume the role of National Director, representing Nova Scotia producers at the Canadian Milk Supply Management Committee, P5 Chairs and GMs, and the P10. Tony Versteeg will continue to represent Nova Scotia on the P5 Quota Committee. Additionally, all directors have taken on various roles from the extensive list of regional and provincial committees where DFNS will represent producer interests in the coming year.
