

P5 Quota Message

Due to current and future market requirements, and the different measures that were implemented in July 2018, the P5 Boards have decided the following:

Effective March 1, 2019:

1. Issue 1% quota to all producers in Quebec, PEI, NS and NB ;
2. Change the credit day production limitation in Ontario from one day to two days per month; and
3. Eliminate the \$20/hl over quota penalty.

Measures effective March 1, 2019	Québec	PEI	NS	NB	Ontario
Quota increase	1 %	1 %	1 %	1 %	0 %
Credit day production limitation	n/a	n/a	n/a	n/a	2 days
Over Quota Penalty	Zero pay, less deductions				

The P5 Quota Committee will continue to monitor market demand and production trend and determine if further adjustments are required, with the goal to fully harmonize as soon as possible.
