Dairy Farm Biosecurity Incremental Management Plan

Farm Name: _____

Owner's Name: _____ Veterinarian: _____

Date of agreement on biosecurity management plan (YYYY MM DD): _____ / _____ / _____

Ideally, only ONE priority best management practice (BMP) to improve biosecurity on the farm will be agreed to for implementation within the next year by the herd owner, but there may be more. It is essential that the owner is willing and able to implement the change(s). If the owner wishes to further improve biosecurity, a maximum of three BMPs may be agreed upon. It is important to understand that the intent of this Risk Assessment and Management Plan (RAMP) is to reduce, and if possible eliminate, the introduction of infectious diseases from outside the farm and their spread within the herd.

Recommendation(s) for management changes for this assessment:

1.

2.

3.

*To be considered complete by the proAction program, all questions of the Biosecurity Incremental Management Plan must be completed and the Plan must have at least one recommendation.

Confirmation the Risk Assessment Questionnaire has been completed together by:

Owner's Signature

Veterinarian's Signature
